

Board of Trade Endorse Reserve Army Unit Here

At the regular meeting of the Bassano Board of Trade held in the Royal Cafe on Wednesday, the Board went on record as favoring the establishment of a unit of the Canadian Army (Reserve). Mr. W. J. Redmond, who is in charge of arranging the details of the Unit, told that he had been in contact with Major Jenkins of Calgary, and that provided a complement of at least forty men could be raised in the town and district, a platoon of the 15th Light Horse (Reserve) would be established in Bassano.

ATTENDANCE INCREASING

With each meeting of the Board, the attendance and interest is increasing. At the meeting on Wednesday seventeen members were present and several new faces were seen at the table.

The president, Mr. Johnston, reminded members of the dance that is being sponsored by the swimming pool committee and asked that as many as possible support this committee toward getting the swimming pool in shape for the summer.

Red Cross Notes

The Bassano Red Cross Salvage Committee is open to receive News papers, Magazines, Books, and papers in compact form, cartons and cardboard, from the residents of the town and district, to enable them to ship a small quantity of fifteen tons of paper from this point. Also Copper, Brass, Aluminum, rag, old auto and truck tires, and rubber of any description.

Any of the above mentioned articles may be left at the aluminum dump next door to the Red Cross Headquarters, or telephone 15 if you are unable to deliver.

Arrangements for handling iron and steel are under way, and advice will be given when plans are completed to handle same.

HELP THE COUNTRY'S WAR EFFORT AND YOUR LOCAL RED CROSS.

The Snowcrone Crege is on in this Friday night in the Masonic Hall. He says you're there. The Red Cross needs your help!

Don't forget the dance on April 17th, in the Masonic Hall. Len Davis and his gang will supply the music. Proceeds for the Swimming pool fund.

Will Allow Sugar For Canning Purposes

HOUSEWIVES MAY BUY HALF A POUND FOR EVERY POUND OF FRUIT

Ottawa, April 8—Special provisions for use of sugar in home preserving of fruits, and for the rationing order was put in effect last January, were announced today by S.H. Noble, sugar administrator of the Wartime Prices and Trade Board.

In addition to the amount of sugar allowed under rationing regulations any person may purchase such quantity of sugar as necessary for the household preserving, canning or making into jams and jellies of any fruits, subject to these provisions.

Purchases of sugar for preserving or canning shall be on the basis of one-half pound of sugar for every pound of fruit weight. All home canning or preserving by syrup method must be done in a light syrup, defined as a syrup made of one part of sugar to two parts of water.

Purchases of sugar for the jam or jelly are to be on the basis of three-quarters of a pound of sugar for every pound of fruit weight and for all home made jams and jellies are to be preserved with three parts of sugar to four of fruit juice.

The order does not apply to industrial users of sugar.

As sugar "has no preservative value in the curing or preserving of meats," it is provided that no person may hereafter purchase or otherwise acquire any sugar, other than the quantity already allowed under the rationing order, for the purpose of preserving or curing meats.

The normal sugar ration is three quarters of a pound a week per person.

THE BASSANO RECORDER

VOLUME SIX, NUMBER FIVE

BASSANO, ALBERTA THURSDAY, APRIL 9th, 1942

LICENCE NUMBER 72194

JOHNSTON AT BAPTISM OF GRANDSON
At the Easter Sunday morning, April 7th, at the Anglican Church, Calgary, Rev. F. E. Harback officiated at the christening of Michael James, infant son of Mr. and Mrs. R. M. Connolly of 111-11th Ave. N.W., Calgary. The baby, who was his mother's christening robe, is the grandson of Mr. and Mrs. J. G. Connolly of Calgary and Mrs. James Johnston, Bassano.

Council Adopt 1941 Tax Rate and Assessment

AUTHORIZE PURCHASE OF TRACTOR FOR PUBLIC WORKS DEPARTMENT

A resolution was passed at the regular meeting of the town council on Tuesday night approving the 1941 Assessment and Tax rate for the year 1942 year. Any changes that may be necessary will be made on the assessment roll.

The Public Works committee was authorized to purchase a second hand tractor for roadwork and other purposes, providing that the tractor is found to be in satisfactory working order.

CLEAN-UP DAY SET
The council have set the day of May 6th, 1942 as Clean-up Day.

Two applications for the Old Age Pensions were approved, and a donation to the Canadian Institute for the Blind of \$10 was ordered to be sent.

Repairs were ordered done to two properties belonging to the town, and the council authorized the use of the old Stiles building for the Red Cross for the storage of paper etc. in the salvage drive.

ENDORSE ARMY UNIT
It was resolved that the Council co-operate in every possible way with the Military authorities in regard to the establishment of a Unit of the 15th Alberta Light Horse (Reserve) at this point, and will provide suitable headquarters accommodation and storage facilities.

A copy of the resolution will be sent to Major Jenkins at Calgary. The treasurer reported cash receipts in the amount of \$2549.18 and payments of \$5329.99.

The Engineer's report is as follows:
There were three graves dug during the month. There have been no leaks of water, but house connections are beginning to show leaks as the frost comes out. Some provision is being made by the Police to enable occasional leaks to be given to elderly or incapacitated transients, to avert unnecessary hardship.

The need for licensing and regulation of cyclists is still felt, and I believe that some action should be taken before an accident makes necessary.

Both pumps at the pump station have been operated as usual throughout the month, and are in good order. The chlorinator is in daily operation.

The auxiliary gas plant has been Cross will be held at the home of Mrs. Lora on Friday night.

Easter Sunday dawned bright and clear, but before the day had ended the worst dust storm of the season had descended upon the district.

Reserve Army Unit To Be Established Here

Personals

Set Marion Haynes spent the Easter holidays with his family in Bassano.

Mr. Henry Heffner was in town for the Easter season.

Ben Plummer spent a week visiting here.

Miss Norma Smith is in Bassano for the Easter holidays.

Stanley Wight is spending a few days in Bassano with his sister and brother.

Mr. and Mrs. Strober, Robert and Jerry were in Calgary visitors over the weekend.

Miss Frances Howe spent a few days in Calgary during the Easter holidays.

Mr. and Mrs. James Johnston were in Calgary visitors last week.

Miss Florence Playfair is spending the Easter season here with her parents.

Mr. and Mrs. Toogood and Mr. Mowat were in Calgary taking in the Teachers Convention.

Miss Norma Snyder of the local Bank Staff spent last week-end in Calgary.

Mr. Keeling returned from Chicago last Saturday. He was delayed by snow in Manitoba and had to transfer from the bus to the train.

Mr. and Mrs. Marvin Miedinger and Miss Agnes Miedinger were visitors to Medicine Hat over the weekend.

Miss Grace Enitt attended the Teachers Convention in Calgary this week.

Confirmation service will be held in the Church of England on Sunday April 12th, at 3:00 p.m. The Rt. Rev. L. Sherman, Bishop of Calgary will conduct the service.

A meeting of all tennis enthusiasts will be held in the Town Hall next Wednesday April 15th, at 8 p.m. All tennis fans should be present.

Pte. Johnny Piets was home for a few days last week.

The Sperry Hall Detector car passed through Bassano Saturday. This car is able to detect flaws in the steel and therefore avert any rails breaking from that cause.

Mr. and Mrs. Percy Powell were in town visitors last week.

Mr. and Mrs. Pragnell and Mary were in town visitors on Good Friday. Mary stayed to spend the holiday with her uncle and aunt, Mr. and Mrs. Athies.

Miss Alice Brooks is spending the Easter holidays at Crowfoot.

Major Jenkins and Captain Findlater of the Alberta Light Horse were supper guests at the Brown home on Wednesday.

Mr. and Mrs. Bert Schon and Joyce were dinner guests of Mr. and Mrs. Maguire last Friday.

Red Cross Society.

The Canadian Red Cross Society needs urgently a minimum of \$100,000 in order to carry on its work for the current twelve months in the mitigation of human suffering.

The Government of Canada recently arranged to supply the funds needed by various War Service organizations, but the Canadian Red Cross Society was recently excluded from that arrangement.

The reason for this is that the Red Cross Society is international, its position rests upon the conventions of Geneva ratified by Act of Parliament.

W. J. REDMOND CALLING FOR AT LEAST FORTY MEN FOR PLATOON OF 15th ALBERTA LIGHT HORSE (RESERVE).

Bassano and district men are being approached this week in connection with the formation of a reserve Army Unit in Bassano. Mr. W. J. Redmond said that Major Jenkins of Calgary had paid a visit to Bassano last week and had talked to men interested in the formation of the Unit.

At least forty men are required to form a platoon of the 15th Alberta Light Horse, which is a mechanized Unit. Applications are being taken by Mr. Redmond for men from 17 to 19 with military categories A, B, or C. Men from 19 years of age to 35, single, with a C category only. Married men will be accepted over 30 years of age with categories A, B, or C.

The announcement that a reserve Unit is to be organized here will come as a welcome opportunity to men who have not been able, either through physical unfitness or other reasons, to join the Active Army. The Reserve Unit will not work a hardship in anyone and members of the Unit will be able to carry out their work as before. Two weeks training at camp will be given in the summer and each man will be paid for his training.

At time of writing, arrangements are being made for an organization meeting to be held in Bassano next Wednesday night. While there is nothing definite yet about this meeting, anyone interested is advised to get in touch with Mr. Redmond at 111-11th St. Wednesday, April 15, when the meeting is held there will be Army officers from Calgary at the meeting.

Senior Cadets and senior high school students will be eligible for the Reserve Unit.

ROSEMARY

(By Our Correspondent)

Mr. H. Ridley of North Battleford spent Easter Sunday with his family in Rosemary.

Mr. and Mrs. Stout moved to Calgary Saturday. Mr. Stout has been employed by the R.I.D. for the past year.

Mr. and Mrs. Jim McCall moved into the house recently vacated by the Stout family.

Mr. and Mrs. W. J. Wenishke have moved into the house of Mr. McCall and purchased the stock of groceries.

Bob McClelland of Calgary was a guest of friends in Rosemary.

Chester Narum of Edmonton spent a few days of the Easter holidays with his parents Mr. and Mrs. C. Narum of Rosemary.

Mr. and Mrs. Jesse Adams and family were guests of Mr. and Mrs. Norman Nixon during Easter.

Charles Simmons resigned as principal of the Rosemary school and has offered his services to his country.

Miss Elaine Park and Mr. Grant Bodmer announced to their many friends that they were married in Calgary on March 13th. They are now on their honeymoon.

They will return at the end of the Easter holidays. Mrs. Bodmer is one of our teachers and we extend congratulations to the newly wedded couple.

Congratulations are going out to Grandpa and Grandma Narum residents of Rosemary since 1921 who are celebrating their 54th wedding anniversary on April 9th.

F I D NOTES

SERIOUS CHARGES

Cited as an example of divided responsibility between politicians and military commanders on the coast, writer of a series of articles on the subject, states as follows:

"If a patrol plane spots a Jap bombing squadron flying over an inland town it must request a senior officer's aid to notify the attorney-general's department to inform the chief of police in the town to request the mayor to sound an air raid alarm."

The writer admits that he makes serious charges, but that they are true. Certainly unless there is truth in the statements they would not get by the well known and responsible editor of the Vancouver Sun, in which the series is appearing.

Runners are rampant of waste, duplication and inefficiency everywhere in our war effort in this country.

Gas rationing which became effective April 1st, will hamper many activities, and slow down civilian enterprise to a considerable degree. It is not taking losses and putting up with delay and inconvenience, if the gas so conserved is put to useful war effort. But there are those who claim to be in a position to know where that consumption of gasoline by the armed forces is greatly beyond what it need be for the reason that efficiency is lacking. He that as it may, the casual visitor to Vancouver is struck by the number of empty army vehicles on the streets which appear to be going nowhere in particular. Rarely is there ever anything in the truck except an extra man sitting beside the driver.

If charges of incompetence, inefficiency, divided responsibility and waste have a basis in fact, then it should be somebody's job to clear the air. On the other hand if there is any ground for the statements, then it is equally the responsibility of the country's war leaders to do a thorough spring cleaning job.

JUST LOAFING ALONG

We are on the verge of our most beautiful and most provoking season. Already one hears people admitting to this spring fever with the plea "don't feel like work, don't feel like moving." They take advantage of sitting on the sunny side of the house, just sitting, except to move round with the sun, like the family dog.

This of course is just the way you feel. What you actually do is something entirely different. Spring is the season when the air invites laziness, and human needs demand action. So while your whole soul cries out for the sunny side of the house, and just loafing, your steps speed up with the impending seedling and planting. Your stock is coming on. There is ploughing and cultivating ahead. There are machines to be repaired, gardens to be dug, flowers to be planted. The high sun exposes disorder in yards, shrubs and houses. Housecleaning, with all its attendant grinds and achievement is threatening.

Now if the rush season could only be shifted to winter, how much more amiable it would be. People need to get in such non-productive ways as curling and skating. Come spring when they should be resting and savoring the re-awakening of nature, and thinking beautiful thoughts, their minds are full of wheat acreage and fertilizer and what to plant where. Spring is the time when you have to do most of what you don't want to do at all. But when you start facing the facts of life most of the world is being forced to do what it doesn't want to do, and under conditions far different from those in which we move and have our being.

Viewed in that light, we can not expect to move to rouse much compassion.

—Vulcan to Vate.

Mid-Week Thought For Busy People

By CHARLES F. LAINE
PASTOR OF KNOX PRESBYTERIAN CHURCH

"LOOK INSIDE"

"The Lord seeth not as man seeth—the Lord looketh upon the heart."—1 Samuel 16:7

One chapter in George William Curtis' book, "True and I" is called "Mr. Tibbott's Spectacles." The magic quality of these spectacles was, that when their owner looked through them a people he ceased to see them as they ordinarily appeared on the street; he saw instead their essential character personified, and wonderful were the revelations that were made.

He looked at one man, and saw nothing but a fop, another was simply a billiard cut, another a tank hulk, another a wolf, and yet another a vulgar fraction. On the other hand however, he saw a lot of what others fail to see of the goodness of people. Out of his school-teachers was a deep well of living water in which he saw the stars. Another person was a tropical garden full of fruits and flowers. In the heart of another he saw concealed in the depth of character great excellences like pearls at the bottom of the sea, little suspected by most, seen perhaps by only one or two. Another, called an old maid, was a white lily, fresh, luminous, and fragrant still.

It is with such such vision that the angels often see in the child and in the lowly, possible saints and martyrs, men and women who shall change this world for the better, or people who will retard its forward movement, men and women who will fall in the battle of life even though the world looks upon them as great successes, and other men and women who, in the eyes of the world are failures, but who will later achieve the victor's crown, and for whom eagerly fingers will strike music upon the harp of heavenly praise.

That's certainly the way in which God looks at men and women. He sees not that which is outward, —but that which is within, for He sees not as man—"God looketh upon the heart." And though none of us may be possessed of the "magic spectacles" in regard to others whom we meet, there is one thing which each can do for ourselves, and that is—"Look inside." We can see what only God sees there, and only God can change what needs changing of what we do see there. We must face to ourselves—and to God, the Truth of who we are when we "Look inside"—and now or later, if we are sincere, if we really want to be sincere, we will "Look inside now, and then look to God. He can make a garden out of a wilderness" soul. He can make an Altar out of a cash register soul. He can make of the hard, dry soul, a "Well of water, springing up into Everlasting life."

True worth is in the being, not in seeming: In doing, each day that goes by—Some little good, not in dreaming—Of great things to do by and by. For whatever men say in their blindness, And spite of the fancies of youth, There's nothing so kingly as kindness, And nothing so royal as truth.

FRENCH LESSON FOR DR. GOEBBELS A POEM TO BE CUT IN HALF

All France chuckled with glee when they read this poem in the Nazi-controlled Paris-Soir.

Let us love and admire Chancellor Hitler
Eternal England is not worthy to live
Curse and wipe out the people across the sea
Naziism on earth will be the sole survivor.
Let us then support the German Führer
The heaving boys will finish the Odyssey
To them alone awaits a fitting punishment
The palm of victory Awaits the Swastika.

Reading the poem even Dr. Goebbels might pat himself on the back for inspiring such a poem of admiration, but when it is cut in half from top to bottom it reads:

Let us love and admire Chancellor Hitler
Eternal England
Curse and wipe out the people across the sea
Naziism on earth
Let us then support the German Führer
The heaving boys
To them alone awaits a fitting punishment
The palm of victory.

The SNAPSHOT GUILD YOUR VACATION PICTURES

Scenes and views are fine—but don't overlook close-ups, fun pictures, and shots of the vacation group in holiday dress. Get Variety in your vacation record.

THIS is the season of the year. As most of us turn our work over to someone else, less the family luggage into the back of the car, and set off for green vacation pastures. The camera, of course, goes along—without pictures, what would we have to remember the vacation by, and how could we show our friends where we went and what we did?

On the chance that they'll be helpful, here are some hints for your vacation picture-taking. First, remember that the only good vacation record is a complete one. Not just a shot here and there, snatched in old moments—but a truly well-rounded picture-story of the fun, the interesting places, the people you met, and the experiences you had.

Second, take the complete kit with you. If you have photo bulbs and reflectors at home, take them in a corner of one suitcase. There may be opportunity for night shots, at some interesting place where you stay, if you have a tripod, slip

it in the car trunk or under the seat. Maybe you won't use it at all—and maybe it will be essential for a twilight scene that you're just bound to get.

Another hint: take an adequate film supply. That's very important if you're going to out-of-the-way spots, or if your camera takes an unusual film size. It's no fun to get stuck with an empty camera and no film, right in mid-vacation.

In taking your pictures, seek variety. Scenes and general views are fine—but don't overlook close-ups, shots of the group in vacation attire, pictures of unusual spots you visit, even scenes of novel signs and historical inscriptions. These add interest and spice to the vacation album.

Those, then, are the essentials—variety in the pictures, a well-rounded record, proper equipment, and an adequate film supply. And here's my hearty wish that this year's vacation is the best—both for fun and for pictures—that you have ever had.

John Van Guider

Here and There

LETHBRIDGE—Southern Alberta's eccentric weatherman was in one of his most capricious moods Sunday, running the gamut from balmy spring weather to dust and snowstorm within the space of a few hours.

Shortly before 5 o'clock a murky bank of dust clouds boiled up and touched the city at 5:10. City officials found it necessary to turn on street lights as the dust-laden air masked the sun and caused a twilight condition.

STRATHMORE—A meeting of representatives of the Municipal districts of Blackfoot, Bow Valley, Shepard, Grasswood, Keoma and Beddington was held in Strathmore on Friday March 28th, to organize and discuss plans in regard to future irrigation in the surrounding districts. Arrangements are being made to have several speakers attend a public meeting in Strathmore, sometime in April. Strathmore Standard

BROOKS—The interior of Dr. C. M. Robinson's dental office, and much of it's equipment, was destroyed by fire last Monday night. Cause of the fire appeared to be an overheated furnace.—Brooks Bulletin.

MACLEOD—Normal storage capacity of Macleod elevators is approximately 300,000 bushels, and there is at present in storage about 300,000 bushels. There will have to be a heavy shipment out of here during the summer months to make room for the 1942 crop. Some grain was shipped out during the week.

CHECK POOL ACIDITY

Chlorine in the water of swimming pools necessary to destroy harmful bacteria and to keep the water healthy is often blamed as the cause of smarting eyes and irritated skin when the acidity of the water is high. Swimmers themselves to blame, according to an article on swimming pools in the March issue of the C-I-L Oval.

Frequent checks should be made on the acidity of the water, the acid states, and some alkaline agent, such as soda ash, should be used as required to neutralize the acid.

Your GARDEN

(By Gordon Lindsay Smith)

A GOOD TONIC

Even in invasion threatened Britain the authorities, early in the war, came to the conclusion that it was dangerous and inefficient for a man to work long hours without a break. They advised him to get away, to turn to something that would make him forget the war for an hour or two.

For this sort of relief both in Britain and in Canada gardening has been universally recommended and surrounded by grass, flowers, shrubbery or trim rows of vegetables, a man or woman will soon have tired nerves restored. One can get and weed, hoe or trim the grass when it would be impossible to sit down and read or knit. Many doctors declare that there is something healing about digging in the clean fresh earth, and one doesn't burn up a lot of gasoline finding it.

Cultivation a Major Factor

Usually all the difference between a fine thriving garden and one like to show off to the neighbors and he kind a man sinks a "way from to play sold, is one or two thorough cultivations before the garden is planted it should be plowed thoroughly, then just as the seeds or plants go in it should be cultivated or raked fine. When the first plants are coming through old gardeners advise another thorough cultivation, and a couple more at ten day intervals later on.

This may sound like a lot of work but it is surprising how easy it is if carried out early and regularly. The weeds never get a chance to grow and the soil to bake. On the other hand even in dry weather most vegetables will come right along. If the soil about them is kept fine and crumbly. This work will be much easier done if one has the proper tools, a fairly big hand-drawn cultivator or even small wheelbarrow for small vegetable, a wheel hoe for small

shafter for the large gardens. **Thinning Will Pay**
Another important job that looks harder than it really is is thinning. No vegetable can develop properly unless it has plenty of room. Small things like carrots need about a foot between each, but corn needs four to six feet between each. With thinning much drudgery can be avoided by sowing thinly in the first place. With flowers that are grown from seed, thinning is equally important. They must have room or they will grow spindly and break down in the first windstorm. **Spread Sowing**
Modern gardeners spend their sowing over two or three weeks. The old habit of putting in the whole garden in one Saturday afternoon was not a good one. Many things were planted to room. The entire garden sown in at one time resulted in a feast of garden peas, corn, carrots, beans and then a famine. **Properly planted garden, with sowing from early spring to early summer should provide a steady supply of the freshest garden vegetables from the first week in July till weeks after a killing frost. This of course, is a general statement and does not apply to those extra hairy areas of Southern British Columbia and Ontario.**

SEEDTIME and HARVEST

Dr. K. W. Worthy
Director, Agricultural Department
North-West Line Elevators Association

Seed Treatment for Flax with Low Germination

Dr. K. W. Worthy, Dominion Bush Research Laboratory, Winnipeg, has been conducting extensive investigations on the effect of seed treatment on the percentage germination of flax. At his request we have him parts of all flax samples sent to the North-West Line Elevators Association's laboratory for germination up to the middle of February; in all, 54 samples. These samples, besides being germinated in the regular way in our laboratory, were planted in soil at the Dominion Bush Research Laboratory. Duplicate tests of seed treated with a mercuric dust and duplicate tests of untreated seed were made. The results are interesting and very important.

Our own tests resulted in an average germination of 66.8%. Dr. Worthy's "treated" tests averaged 72.5%, and the "untreated" only 53.7%. Our tests gave higher germination percentages than Dr. Worthy's untreated ones because the latter were in soil and were, as usual, in bottles placed in germination chambers.

In the soil tests, seed treatment increased the average germination from 53.7% to 72.5% at the same time. Treatment with an organic mercuric dust at the rate of 10 ounces per bushel was recommended for all except three samples; and even in these, treatment increased germination somewhat.

It must be of course, be concluded that seed treatment will improve the germination of all flax seed. Every sample sent in to the Line Elevators' laboratory this winter will be checked by Dr. Worthy and the results sent to the farmer.

News of the Week

FROM THE
War-time Prices and Trade Board

A REAL SAVING-Adverts put a good man on his feet. Judging by the reduced number of motor licenses sold this far to persons wanting gasoline rationing cards, it looks as if many city motorists intend to keep up the car in the garage for the duration of the war.

This is good news for the street railway and the traffic cops. It is especially good news to the War-time Prices and Trade Board which has been urging all patriotic Canadians to let the army, navy and airforce have first call on rubber, gasoline and other commodities, essential to winning the war.

ROUGH ON HOARDERS—while men are risking death in horrible fumes to supply our war and urgent business needs for gasoline, come to the notice of officials of the War-time Prices and Trade Board that some callous people, with "mild" mentalities, tried to obtain gasoline for hoarding before the rationing came into force.

Investigations are being made. The hoarder and dealer, if convicted, run risk of fine and imprisonment. In addition, Hon. C.D. Howe, Minister of Munitions, says any body who buys more than actual current requirements of any supply of any kind, unless encouraged to do so by a direct statement from a responsible official, is definitely a public enemy.

Because potatoes in storage at this time of year undergo rotting and shrinking, the War-time Prices and Trade Board is permitting a maximum increase of five cents a bushel per month, for each of the months of April, May and June, over the basic price potatoes were sold between September 15th and October 15th last.

This is the time of year when people plant domestic moving form one rented home to another. All rentals now come under the price ceiling policy of the War-time Prices and Trade Board. Landlords or tenants who are uncertain of their rights and duties in rental matters should consult the Rental Office, Mr. George J. Byran, at the Board's offices, Williams Building, Edmonton, or the Rental Office in the Burns Building, Calgary.

Encourage Marketing Heavier Weight Hogs
Export Withshire sides from 70 to 75 pounds in weight which are processed from Grade B3 carcasses are now purchased for export in the same higher price category as lighter sides from 60 to 70 pounds, on the understanding that the packers will adjust prices paid for B3 hogs correspondingly upward, the Bacon Board has announced. Although this new arrangement will result in improved prices for B3 carcasses which are of top quality from 170-185 pounds, warm dressed weight, there will be no change in respect to lower grades of C3 and D3 carcasses in the same weight range, or in the "Heavy" or "Extra-heavy" grades.

In announcing this change, the Bacon Board points out that the encouragement now being given to the marketing of heavier weights of hogs and the shipping of heavier Withshire sides to Britain is not to be taken as an indication of a permanent change in export base standards. The most desirable type of Withshire sides still remains as before, A grade, No. 1 desirable.

However in order to meet a war-time emergency need for more bacon for overseas shipment, farmers are being asked to feed hogs to heavier weights than in normal times, thus increasing the total pork supply.

Effective December 15, 1941, a Bacon Board order prohibited exporting plants from slaughtering hogs yielding carcasses of less than 130 pounds warm dressed weight. On and after March 2, this regulation was extended to include all inspected packing houses in Canada. The purpose of the order was to in-

sure the feeding of lightweight hogs to heavier weights before slaughter, thus increasing the total pork supply and it has brought good results. During the week ended March 7th the average weight of all warm dressed carcasses of the hogs slaughtered in exporting plants, rows and slabs excluded, stood at a little over 150 pounds. This compares with an average of only 153 pounds in November, 1941, and 152½ pounds in February, 1942. This addition of 5 pounds per carcass on the estimated total of 3,000,000 hogs to be marketed during the next 6 months, would increase the total amount of pork produced by approximately 15,000,000 pounds. CAN'T CHANGE USE

OBITUARY

MRS. LATHOM BIRDSON

On Thursday April 2nd, at the Bassano Hospital, Francis Birdson, wife of Lathom Birdson, a resident of Gleichen for the past thirty-one years passed away at the age of 53. She had been ill over a year.

Mrs. Birdson, nee McAtomey, was born at Martinburg, West Virginia in the year 1888. In 1911 she was united in marriage to Lathom Birdson of Chicago, following which she and her husband came to Gleichen and they resided there ever since.

The funeral was conducted in the Chapel of Gooder Bros. at Calgary by Charles F. Laine of Knox Church, Bassano, where a number of friends from both Gleichen and Calgary gathered to pay three respects. A solo "Saved by Grace" was sung by Mrs. Upton. The large number of flowers gave evidence of the esteem in which she was held.

Interment was made in the new Queen's Park Cemetery, Calgary.

Besides her husband she leaves one daughter to mourn her passing.

BURY WAR SAVINGS CERTIFICATES REGULARLY!

Don't forget the dance in the Masonic Hall, April 17th.

WEED IDENTIFICATION

A copy of a Booklet illustrating and describing 63 prairie weeds may be obtained free of charge by any farmer upon request to the local "Alberta Pacific" agent.

The ALBERTA PACIFIC GRAIN Co. Ltd.

Ceiling Prices On Grain

Following is a list of ceiling prices of grain in Canada as announced at various intervals by the Canadian Wheat Board, acting for the War-time Prices and Trade Board.

Barley—40¢ a bushel in store, Fort William, Port Arthur, Vancouver.

When barley is specially selected for malting purposes and directed to malting plants west of Fort William and Port Arthur, a malting and diversion premium of not more than 6¢ a bushel will be permitted in addition to the maximum price defined above.

Flaxseed—51¢ a bushel, in store, Fort William, Port Arthur, Vancouver.

Oats—51¢ a bushel, basis in store, Fort William, Port Arthur, Vancouver.

Rye—60¢ a bushel, basis in store, Fort William, Port Arthur, Vancouver.

Yellow Corn—15¢ per cent moisture—\$120 a bushel, delivered Montreal, basis domestic rail freights.

Pur hybrid white corn a premium up to the over the yellow corn may be paid.

No. 1 feed screening—\$21.50 a ton refuse screenings \$19.50 a ton, Fort William, Port Arthur or any point in the prairie provinces.

Buckwheat—\$24¢ a bushel, Montreal.

Ontario winter wheat—120¢ a bushel, Montreal.

Don't forget the dance on April 17th, in the Masonic Hall, Lou Davis and his gang will supply the music. Proceeds for the Swimming pool fund.

BASSANO 25
ROSEMARY 5
IN BASKETBALL

A week ago Thursday the Rosemary Basketball team travelled to Bassano to play the High School team here.

The Bassano lads were right at home on the outdoor court and they seemed to be able to find the ball amid the clouds of dust better than the Rosemary boys, the final score being Bassano 25, Rosemary 5.

Bassano's high scoring center, Bob Strother, again led the parade with 17 points.

LINEUP

Rosemary—M. Oakie, 2; N. Parker, 1; F. Tieszen, 1; Frank W. Harms; S. Parker; L. Parker; W. Billito, 2.
Bassano—M. Clarke; D. Walsh; P. Walsh; 2; D. MacLean; 6; B. Strother, 17.

Restrict Use Of
Milk & Cream Cans

OTTAWA, April 6.—Milk and cream cans may be used only as containers for these products under an order in council just passed. The move was said to be due to the current metal shortage making replacement of cans difficult.

The order states that all such cans used for the transportation of milk or cream shall be plainly and indelibly marked with the name of the owner; and that such cans shall only be used for the transportation of milk or cream from the owner of the can and must be returned promptly to the owner.

Penalty for violating the order is a fine of \$10 for the first offence and a minimum fine of \$50 for the second.
